## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on July 31, 2006 was filed after the mailing date of the Notice of Allowance on July 27, 2006. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

### ***Allowable Subject Matter***

2. Claims 1, 9, and 11-17 are allowed.

3. The following is an examiner's statement of reasons for allowance:

With regard to Independent Claims 1 and 17, the Applicant has sufficiently claimed and defined a backlight module incorporating a diffusing plate with a plurality of scattering particles formed therein and having a plurality of scattering apertures installed on top of a plurality of point light source generators, wherein a plurality of different scattering patterns are disposed over the inner wall of at least two scattering apertures. The prior art of record fails to teach or suggest the combination of structural limitations claimed herein, specifically to the abovementioned characteristics of the diffusing plate and a diffusing sheet installed thereabove, and all subsequent dependent claims are allowed.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
